I. Background

The University strives to offer a safe and supportive learning and working environment for all individuals. In support of that goal, the University has established reporting protocols for its employees and volunteers with respect to child abuse, sexual assault, and child pornography.

IV. Reporting Protocols

A. Child Abuse or Child Neglect:

1. Employees or volunteers who suspect a child may be abused or neglected must contact the MSU Police Department immediately. The MSU Police will advise the individual as to whether he/she is a “mandatory reporter” under Michigan law and must also file a report with Children’s Protective Services.

2. Physicians and other health professionals should continue to follow their current, established reporting protocols for child abuse/neglect.
B. Sexual Assault:

1. Employees or volunteers who receive an allegation of sexual assault related to a member of the University community (faculty, staff or student) must report the alleged sexual assault to the MSU Police Department and the Office for Inclusion and Intercultural Initiatives (I3). The MSU Police Department will process the matter criminally and I3 will process the matter under University policy. This would include an allegation that an MSU community member (employee or volunteer) has sexually assaulted a child.

2. The only employees who may honor a request for confidentiality from an adult victim of sexual assault are the University Ombudsperson and those whose conversation are protected by a legally recognized privilege.

C. Child Pornography:

Employees or volunteers who become aware of suspected child pornography on MSU IT Resources must contact the MSU Police Department immediately, unless such information is protected by a legally recognized privilege.

V. Violations

Employees or volunteers who knowingly fail to report suspected child abuse, child neglect, sexual assault, or child pornography may be subject to disciplinary action, up to and including dismissal. Employees or volunteers who are considered “mandatory reporters” under State law may also be subject to civil and criminal penalties for failure to report suspected child abuse or neglect.

VI. Resources

A. Employees and volunteers who work with children are encouraged to review the Michigan Department of Human Resources website (www.michigan.gov/dhs) for information about recognizing child abuse and neglect.
